Trade fair for sanitation, heating,
air conditioning and electrics

17.–20.03.2026

WHERE YOUR MOBILITY IDEAS ARE WELL-RECEIVED

Increasing environmental regulations, a growing focus on sustainability and the advancing development of alternative drive technologies are presenting the skilled trades with new challenges – while also opening up new opportunities. Efficient, climate-friendly and economical mobility solutions are more in demand than ever. Those who set the right course now will stay competitive and resilient in the future.

SHK+E ESSEN 2026, from **17 to 20 March 2026**, offers you, as an exhibitor in the mobility sector, the perfect platform to present your innovations and solutions to exactly the right target group. Meet decision-makers from the skilled trades who are looking for future-proof mobility solutions. Whether electric vehicles, hydrogen drives, smart fleet management systems, flexible financing models or ergonomic charging concepts – your solutions are important for the industry!

Position your company as a driver of the mobility transition – at SHK+E ESSEN 2026!

Services

- Insurance
- Associations

INNOVATIVE TRADE FAIR FORMAT

SHK+E ESSEN has been a key player in the market for over 50 years, evolving into one of the leading trade fairs in the sanitation, heating, air conditioning and electrics industries. It brings together HVAC professionals from the skilled trades and installation, planning and consulting sectors in Germany's largest metropolitan area. As the first industry highlight of the year, SHK+E ESSEN looks to the future, presenting cross-trade solutions, innovative products, special expert forums and specialist areas, as well as a top-notch supporting programme.
